The Virtual Learning Commons  
A Facility Designed for Students to Experiment with Learning  
The Virtual Learning Commons is a facility designed for students to experiment with learning. It is a place where students can explore new ideas, test their hypotheses, and learn from their mistakes. The Virtual Learning Commons is a place where students can learn from each other, from their teachers, and from the world around them. It is a place where students can learn to think critically, to solve problems, and to communicate effectively. The Virtual Learning Commons is a place where students can learn to be lifelong learners.
